

## Construction Update: Steveston Interchange Project

### Geotechnical Investigation Work Starting June 6<sup>th</sup>, 2022

#### June 2022

As part of the Province of B.C.'s Steveston Interchange Project, which will expand the interchange from two to five lanes, crews will continue geotechnical investigations in the project area. Geotechnical investigations involve drilling boreholes to gather important information about soil conditions. Crews will work in the areas surrounding the Highway 99 southbound HOV/bus lane, Highway 99 eastbound to northbound on-ramp, and near the bridge approaches on Steveston Highway. This work will require a hydrovac truck and track-mounted drill rig equipment. Work will be completed overnight to minimize traffic impacts on Highway 99 and Steveston Highway.

Throughout the project, most notifications will be distributed by email. Please sign up for e-notifications at [highway99tunnel.ca/newsletter](http://highway99tunnel.ca/newsletter).

If you have any questions about construction, please email [StevestonProject@flatironcorp.com](mailto:StevestonProject@flatironcorp.com) or call the construction information phone line (24/7) at 1-888-270-1075.

#### What to Expect

##### Timing

- > Starting the week of June 6<sup>th</sup> for approximately two weeks

##### Hours of Work

- > Nightly from 10 p.m. to 5 a.m.

##### Traffic

Starting the week of June 6<sup>th</sup>, the following work will occur:

- > Right turn lane closure on the Highway 99 northbound off-ramp (near Richmond Country Farms)
- > Highway 99 northbound lane closure
- > Highway 99 southbound HOV bus lane closure (buses will reroute around the work area)
- > Single lane alternating traffic on Steveston Highway
- > Flaggers and notification signs will be in place to direct traffic

##### Impacts/Interruptions

- > Noise impacts will be minimal and similar to existing traffic noise levels
- > Minor traffic delays on Steveston Highway
