

Construction Update: Steveston Interchange Project

Update on traffic implications for BC Hydro utility relocation

March 2023

This notice is an update to: [Traffic implications for BC Hydro Utility Relocation – issued January 16, 2023](#)

There will be a two-hour overnight closure on Highway 99 on March 5-6 while crews finish the relocation of an existing BC Hydro electrical line north of the Steveston Interchange Project.

Highway 99 north and south will be closed to traffic for a short duration (approximately two consecutive hours) overnight on March 5 from 11 p.m. to March 6 at 4:30 a.m. The work is being completed overnight to minimize day-time traffic disruptions.

Vehicles will be detoured up and over the on and off ramps along Steveston Highway. The northwest sidewalk on Steveston Highway will be closed and pedestrians will be detoured to the southwest sidewalk of Steveston Highway. Signage will be in place to guide pedestrians around the sidewalk closure. Bus stop #58152 will be closed.

If you have any questions about construction, please email StevestonProject@flatironcorp.com or call the construction information phone line **(24/7)** at **1-888-270-1075**.
