

Steveston Interchange Project

Lane closures for Steveston Highway overnight work starting Dec. 1

December 2024

Construction of the new five-lane Steveston Interchange Project is progressing and will require paving and electrical work on Steveston Highway, west of the overpass.

Overnight work is scheduled to take place nightly between 10 p.m. and 5:30 a.m. beginning on December 1, 2024, until the morning of December 12.

Lane closures will be in place on Steveston Highway, and drivers can expect minor delays.

East-west travel on Steveston Highway will be maintained for vehicles, pedestrians, and cyclists. Existing transit stops will continue in all directions.

If you have any questions about construction, please email StevestonProject@flatironcorp.com or call the construction information phone line (24/7) at 1-888-270-1075

What to Expect
