

Steveston Interchange Project

Bus stop removal and relocation on Steveston Highway

November 2024

Note: This notice was last updated on November 22, 2024

Due to the ongoing construction of the new five-lane Steveston Interchange Project, changes to the bus stops on Steveston Highway will take place beginning November 25, 2024.

Westbound Bus Stop Removal: Bus Stop #58152 will be temporarily removed. Alternate stops are available to the west at No. 5 Road or to the east across from Richmond Country Farms. Both stops are about 300 metres from the current location. This change is scheduled to go into effect

on November 25.

Eastbound Bus Stop Relocation: Bus Stop #58153 will be temporarily relocated 50 metres to the west. This is anticipated to take place in early January.

These transit changes are necessary to accommodate construction activities and improve traffic flow as we near the completion of the north half of the new overpass.

If you have any questions about construction, please email StevestonProject@flatironcorp.com or call the construction information phone line (24/7) at 1-888-270-1075 or visit [TransLink](#).
