Fraser River Tunnel Project

DAILY NAVIGATION NOTIFICATION

November 07, 2025

This Daily Notification provides an update on the status of geotechnical investigation works for the Fraser River Tunnel Project. These daily updates are a supplement to the weekly NAVWARN which should be referred to for further details of the project.

Today's activities include infilling the test area with clean river sand. The work area is in the main river channel north administrative safety zone. Near the Canfisco property (13140 Rice Mill Road).

Refer to the figures, coordinates, and further details presented below.

Works will occur between **0700 hrs and 1900 hrs**. The McKenzie Barge will remain positioned onsite with the Catherwood tug outside of the working hours.

Summary of Activities:

FRPD McKenzie Derrick/Spud Barge – **Vessel MMSI (AIS) - 316058902** and Tugboat SEA IMP IX (Catherwood) – **Vessel MMSI (AIS) – 316014646** will be sited at the work area. See Figure 1.

- The work area is defined as:
 - 49° 7'28.19"N / 123° 4'29.81"W
 - 49° 7'26.71"N / 123° 4'28.01"W
 - 49° 7'23.52"N / 123° 4'33.05"W
 - 49° 7'25.68"N / 123° 4'35.65"W
