Navigation Warning Request

Organization Name: Cross Fraser Partnership (CFP) – Prime Contractor
Hydra Marine Services Inc. – Construction Diving Subcontractor

Site Name: Fraser River Tunnel Project – Deas Slough Bridge

Start Date and Time: January 05, 2026 at 0700 PST

End Date and Time: January 09, 2026 at 1900 PST

Approximate Location of Activity: 49°06'54.6"N 123°04'02.8"W

The planned location of works will be shared each day in the daily notice to mariners.

Brief Description of Work:

Deas Slough Bridge Investigations – The structural investigations consist of taking concrete and steel samples on the substructure of the Deas Slough Bridge to assess its condition and life span. Samples will be taken on the bridge North abutment, both piers and their piles, ultrasonic testing will also be performed on the piles. Steel coupon will be cut and concrete core holes will be drilled; holes will be grouted, and steel patches will be welded.

Works will be undertaken from the boat whenever possible and underwater works will be done by divers.

Works will occur during day 7 AM to 7 PM, the vessel will be lit in accordance with the Transport Canada requirements.
