Navigational Warning Request

Organization Name: Cross Fraser Partnership (CFP) – Prime Contractor

Fraser River Pile & Dredge (GP) Inc. – Marine Subcontractor

Site Name: Fraser River Tunnel Project – Deas Slough Temporary Trestle

Start Date and Time: November 16, 2026, at 0700 PST
End Date and Time: November 20, 2026, at 1900 PST

Location of Activity:

Temporary Trestle Steel Pile Installation – Steel piles will be installed -using a land-based crane- within the Fraser River and outside the Deas Slough navigation channel, as described by the polygon below:

49°06'52.9"N 123°03'56.0"W
49°06'51.2"N 123°03'54.1"W
49°06'51.9"N 123°03'53.0"W
49°06'53.5"N 123°03'54.8"W

Brief Description of Work:

Crane operations and pile installation activities will be conducted from the shoreline adjacent to the trestle bridge. A land-based crane (Kobelco CKE2500G) positioned on the south side of the trestle bridge (Riverwoods, Delta) will undertake pile installation activities at Bents 2 and 3 of the trestle bridge within the Fraser River. Four piles, each consisting of four steel pipe segments, will be installed as part of these works.

No navigation detours will be required for this activity as the construction activity will occur outside of the domestic navigation channel.
