Fraser River Tunnel Project

DAILY CONSTRUCTION NOTIFICATION

November 9, 2026

This Daily Notification provides an update on the status of Preparatory Works Construction for the Fraser River Tunnel Project. These daily updates are a supplement to the weekly NAVWARN (if applicable) which should be referred to for further details of the project. Figures are for illustrative purposes only and not to be referenced for navigation purposes.

Navigation Channel Status: Fraser River Main Navigation Channel Open – No Restriction

Deas Slough Domestic Navigation Channel Open – No Restriction

Summary of Activities:

Sheet Pile Wall at Canfisco Bay:

Today's activities include placement of scour protection for the sheet pile wall installed at the mouth of Canfisco Bay, refer to Figure 1.

Marine equipment includes the FRPD 'RE McKenzie' Marine Derrick Barge – **Vessel MMSI (AIS) 316014646**, and FRPD Perley (or similar) Material Scow Barge 164' x 48' **OR** MBD 32 (or similar) Material Scow Barge 120' x 40'**.** The work area is within Fraser River, outside of the Main Navigation Channel.

Works will occur between **0700 hrs to 1900 hrs.** Barges will remain onsite outside of normal operating hours.
